Montana Healthcare Programs Notice

School-Based Services

Medicaid Administrative Claiming (MAC) Program Extended

Beginning April 1, 2009, the Medicaid Administrative Claiming program administered by the Department of Health and Human Services will no longer be available to Montana's public or private schools. The Centers for Medicare and Medicaid Services (CMS) rule CMS-2287-F eliminates federal Medicaid payment for the cost of school-based administrative activities. This was to be effective July 1, 2008, but due to an extended moratorium recently signed into law, it will now be available until April 1, 2009.

Because federal funding for this program is ending, it is imperative that schools participating in the MAC program submit their final MAC claims as follows:

- Have the 2009 first quarter Financial Data Reports to the Department on or before May 1, 2009.
- The Department will have the first quarter invoice developed and emailed back to the schools no later than May 8, 2009.
- Each school will need to have this invoice signed for verification and mailed back to the Department no later than May 15, 2009.
- The Department will have this verified dollar amount mailed in a check to the schools by May 29, 2009.

Any outstanding quarterly Financial Data Reports that would fit the timely filing criteria of one year will need to be billed in accordance with the above schedule.
